MICJ is pleased to announce the publication of the second edition of **Non-Verbal Communication, An Investigator's Guide**. The first edition was written by **Albert D. Snyder**, a retired Federal criminal investigator, Vietnam Veteran, Past President of the American Polygraph Association, and a guest lecturer on many topics including non-verbal communication.

The 2nd edition is by **Vickie T. Murphy-Carr**, Assistant Director of the **Maryland Institute of Criminal Justice (MICJ)** accredited polygraph school since 1975, Secretary of the American Polygraph Association for 18 years, past President of the Maryland Polygraph Association, and a current practicing polygraph examiner since 1976. Ms. Murphy-Carr has added new research, documentation, tasks and practices to make this book a comprehensive non-verbal communication guide for the 21st Century investigator.

**Testimonial** - "This is a much-needed book for the investigator - interviewer - interrogator - to update and refresh their professionalism in this field presented as everyday fundamental methods. The author has put them in perspective and on black and white where they become a guideline and a ready reference. It is intended to assist interviewers to maintain the highest professional standards.

"Vickie Murphy-Carr has many years of polygraph experience, not only as an examiner but also as an instructor-teacher - mentor - at the Maryland Institute of Criminal Justice."

"Vickie's worldwide polygraph experience and as perennial Secretary of the American Polygraph Association is reflected in caricatures in this book for which the reader can gain valuable insight in the cleverness in which they are displayed. You will be many light years ahead of your competitors by following the guidelines set forth in the Investigator's Guide."

- Walter Atwood - Past President, American Polygraph Association
